**Wireless 150 Mbps Router—11n
Air:Link 29150**

Jensen Air:Link™ 29150 is a wireless Broadband Router providing speeds up to 150 Mbps!

Highspeed and reliable wireless network for home and office with long range.

Jensen Air:Link™ 29150 has automatic WPS encryption. Press the WPS button and your wireless network is safely encrypted. It's that easy!

LongRange – 11n

A full range of products based on 802.11n draft 2.0. With this combination you can cover a wide area with High-Speed and secured wireless network. LongRange is compatible with 802.11b/g products.

QoS – Quality of Service

Quality of service provides an efficient way for computers on the network to share the Internet bandwidth with a promised quality of Internet service. With the QoS function, you can limit the maximum bandwidth or give a guaranteed bandwidth for a specific computer, to avoid said displeasing result from happening.

WPS via »Push-button«

Wi-Fi Protected Setup (WPS) is the easiest way to build secured connection between wireless network clients and this wireless router.
